## Omnibus Essential Fish Habitat Amendment Changes to Year-Round and Seasonal Closure Areas

*Effective Date: April 9, 2018*

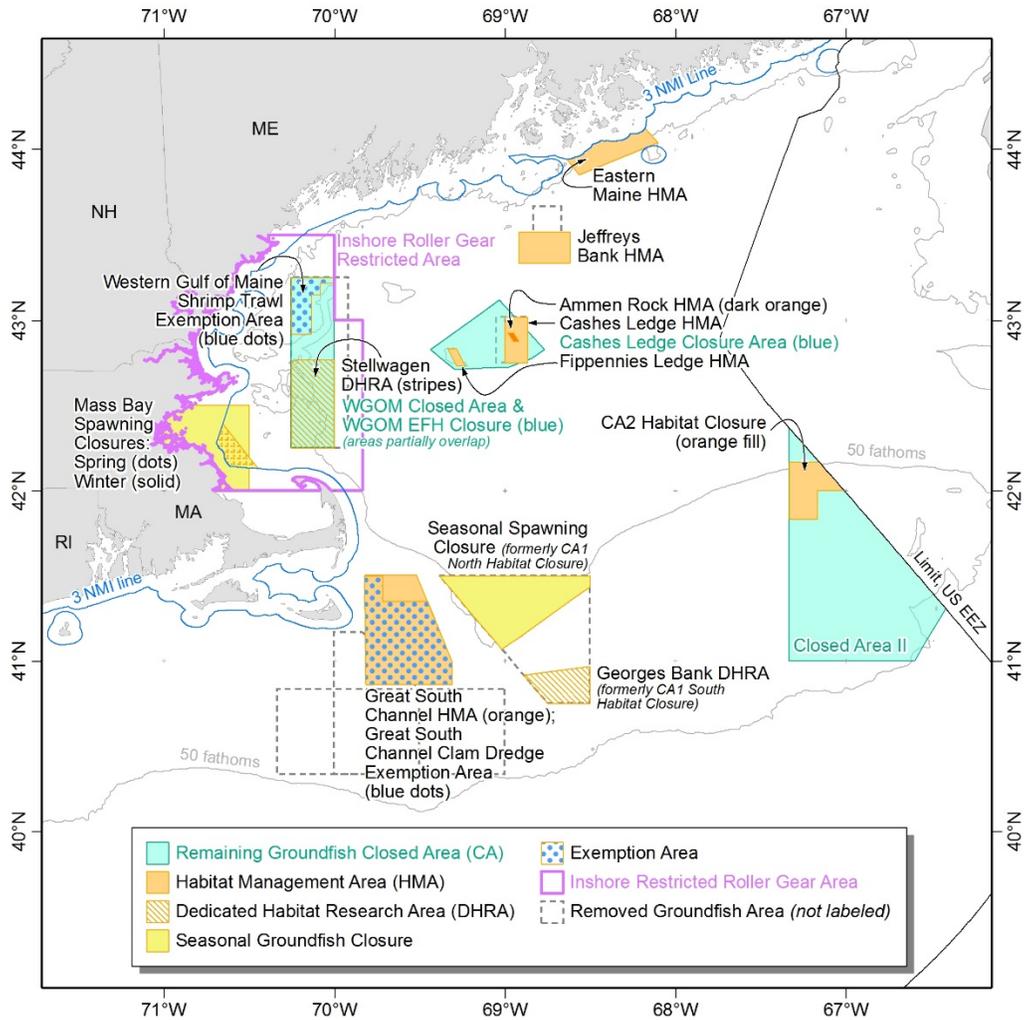

In January 2018, we approved the majority of the New England Fishery Management Council's Omnibus Essential Fish Habitat Amendment. The final rule implementing the approved changes to year-round and seasonal closure areas has published and is now effective.

We approved the majority of the Council's recommendations for changes to year-round closure areas. However, we disapproved the Council's recommendations for eastern Georges Bank and Cox Ledge. As a result, the Closed Area II Closure Area and the Closed Area II Habitat Closure Area remain with the same footprint, restrictions, and exemptions. A thorough description of our rationale is provided in the final rule.

Among other changes, this rule implements the Council's recommendation to remove the Closed Area I Closure Area and to implement a seasonal closure in the Closed Area I North Area from February 1 through April 15. Because this action became effective upon publication, **Closed Area I North will remain closed through April 15**, under the restrictions and exemptions listed on page 4 of this bulletin. In addition, a new seasonal closure will go into effect on **April 15, 2018**, and will remain closed to certain gears through **April 30, 2018**. This measure, known as the "Spring Massachusetts Bay Spawning Closure Area," will close **Block 125** for spawning protection. See the table on page 4 for details.

A description of the full suite of year-round groundfish and habitat closures, as well as the new seasonal closures is provided on pages 3 and 4. Tables with the coordinates for these areas are provided as an attachment. Other closures may apply to your vessel, depending on your permits, target species, and gear.

We also approved the Council's recommendations for essential fish habitat designations, as well as Habitat Areas of Particular Concern designations. These designations do not have any implementing regulations.

## New, Revised, and Existing Year-Round Closures.

Legend: **Bold** = new management areas; Underlined = modified areas; *Italics* = unchanged existing areas.

Area Name	Measures
<b>(Small) Eastern Maine Habitat Management Area (HMA)</b>	Closed to mobile bottom-tending gear
<b>Fippennies Ledge HMA</b>	Closed to mobile bottom-tending gear
<b>Ammen Rock HMA</b>	Closed to all fishing, except lobster traps
<b>Shrimp Trawl Exemption Area</b>	Closed to mobile bottom-tending gear, except shrimp trawls
<b>Stellwagen Dedicated Habitat Research Area<sup>1</sup></b>	Same restrictions as Cashes Ledge [Groundfish] Closure Area
<b>Great South Channel HMA</b>	Closed to mobile bottom-tending gear
<b>Great South Channel HMA, clam dredges exempted<sup>2</sup></b>	Closed to mobile bottom-tending gear, except hydraulic clam dredges for 1 year
<u>Cashes Ledge HMA</u>	Closed to mobile bottom-tending gear
<u>Jeffreys Bank HMA</u>	Closed to mobile bottom-tending gear
<u>Western Gulf of Maine [Groundfish] Closure Area</u>	Same as Cashes Ledge [Groundfish] Closure Area
<u>Georges Bank Dedicated Habitat Research Area<sup>1</sup></u>	Closed to mobile bottom-tending gear
<i>Cashes Ledge [Groundfish] Closure Area</i>	Closed to all fishing vessels, except: <ul style="list-style-type: none"> <li>• Charter and party vessels with a letter of authorization;</li> <li>• Vessels fishing with exempted gears: Pelagic hook and line, pelagic longline, spears, rakes, diving gear, cast nets, tongs, harpoons, weirs, dipnets, stop nets, pound nets, pelagic gillnets, pots and traps, shrimp trawls (with a properly configured grate as defined in the regulations), and surfclam and ocean quahog dredges;</li> <li>• Vessels participating in the mid-water trawl exempted fishery;</li> <li>• Vessels participating in the purse seine exempted fishery; and</li> <li>• Vessels that are transiting, provided that gear is properly stowed</li> </ul>
<i>Western Gulf of Maine Habitat Closure Area</i>	Closed to mobile bottom-tending gear
<i>Gulf of Maine/Georges Bank Roller Gear Restricted Area</i>	Trawls prohibited from using roller gear larger than 12 inches
<i>Closed Area II Habitat Closure Area</i>	Closed to mobile bottom-tending gear
<i>Closed Area II [Groundfish] Closure Area</i>	Closed to all fishing, except: <ul style="list-style-type: none"> <li>• Pot gear for lobsters or hagfish;</li> <li>• Pelagic longline gear or pelagic hook-and-line gear, or harpoon gear;</li> <li>• Pelagic midwater trawl gear, with bycatch limits;</li> <li>• Fishing in a Special Access Program;</li> <li>• Tuna purse seine gear outside of the portion of Closed Area II Habitat Closure Area;</li> <li>• Fishing in the Closed Area II Yellowtail Flounder/Haddock Special Access Program or the Eastern U.S./Canada Haddock Special Access Program;</li> <li>• Transiting the area, provided the vessel's fishing gear is stowed and there is a compelling safety reason;</li> <li>• The vessel has declared into the Eastern U.S./Canada Area and is transiting Closed Area II;</li> <li>• Fishing for scallops within the Closed Area II Access Area; and</li> <li>• Vessels that are transiting, provided that gear is properly stowed.</li> </ul>

<sup>1</sup> Dedicated Habitat Research Areas are designated for 3 years, after which the Regional Administrator will consult with the Council and the public on whether to maintain the designation.

<sup>2</sup> Hydraulic clam dredges are exempted from the majority of the Great South Channel HMA for 1 year (i.e., until March 31, 2019), while the Council considers if a more discrete, longer-term exemption is appropriate and feasible.

**New Seasonal Closures** – These new seasonal closures are in addition to all other existing seasonal gear or area restriction currently in the regulations.

Area Name	Season	Measures
<b>Closed Area I North Seasonal Closure</b>  <b>Closed Area II Seasonal Closure<sup>1</sup></b>	February 1–April 15	<ul style="list-style-type: none"> <li>• Vessels that are transiting;</li> <li>• Vessels fishing with exempted gears (spears, rakes, diving gear, cast nets, tongs, harpoons, weirs, dip nets, stop nets, pound nets, pots and traps, purse seines, surfclam/quahog dredge gear, pelagic hook and line, pelagic longlines, or single pelagic gillnets);</li> <li>• Vessels participating in the mid-water trawl exempted fishery; and</li> <li>• Vessels fishing with scallop dredges.</li> </ul>
<b>Winter Massachusetts Bay Spawning Protection Area</b>	November 1–January 31	Closed all vessels, except: <ul style="list-style-type: none"> <li>• Vessels that do not have a Federal Northeast multispecies permit and are fishing exclusively in state waters;</li> <li>• Vessels fishing with exempted gears (Pelagic hook and line, pelagic longline, spears, rakes, diving gear, cast nets, tongs, harpoons, weirs, dipnets, stop nets, pound nets, pelagic gillnets, pots and traps, shrimp trawls (with a properly configured grate), and surfclam and ocean quahog dredges);</li> <li>• Charter/party or recreational fishing vessels, provided that pelagic hook and line gear is used, and there is no retention of regulated species or ocean pout; and</li> <li>• Vessels that are transiting.</li> </ul>
<b>Spring Massachusetts Bay Spawning Protection Area</b>	April 15–April 30	Closed to all vessels, except: <ul style="list-style-type: none"> <li>• The same exemptions noted above for the Winter Mass Bay spawning closure;</li> <li>• Vessels participating in the mid-water trawl exempted fishery;</li> <li>• Vessels participating in the purse seine exempted fishery;</li> <li>• Sea scallop dredge gear when under a scallop day-at-sea;</li> <li>• Vessels lawfully in a scallop dredge exemption area;</li> <li>• Charter and party vessels with a Letter of Authorization; and</li> <li>• Recreational vessels.</li> </ul>

<sup>1</sup> The year-round Closed Area II Closure Area is still effective and the restrictions for that measure take precedence.
