

ABSTRACT GUIDELINES

Deadline for submitting abstracts: February 9, 2018

The 6th biennial NWFSC Science Symposium will highlight NWFSC research for a scientific audience of co-workers, collaborators, and agency partners. Submissions of completed research and those with preliminary data and results are welcome. Use this opportunity to prepare for an upcoming meeting, inspire collaborations, or share the status of ongoing work.

Please submit your abstract by February 9, 2018 to NWFSC.Symposium@noaa.gov that includes the following information:

TITLE

PRESENTER—list authors and designate presenter using an asterisk (*). Include presenting author's mailing address, phone, and email. Must have at least one NWFSC author listed.

PRESENTATION TYPE—indicate whether the submission is for a:

- full (12 minute) oral presentation,
- rapid-fire (7 minute) oral presentation, or
- poster presentation.

Note that schedule limitations may require an alternative type be selected by the organizing committee.

ABSTRACT—describe major objectives, briefly describe methods, and report major findings of the research in 300 words or less.
