### **PACIFIC COAST GROUND FISH FISHERY**

#### **A Correction to the Program Improvement and Enhancement Regulations (PIE 2) has published in the Federal Register**

The National Marine Fisheries Service announces the publication of a final rule, correcting amendment in the Federal Register (see 79 FR 12412). This rule contains two corrections to the limited entry Pacific coast groundfish fishery's Program Improvement and Enhancement (PIE 2) regulations (November 15, 2013, 78 FR 68764). This notice adds a Vessel Limit table that was inadvertently deleted and revises a section to replace language that was inadvertently removed by the Pacific coast groundfish fishery's Cost Recovery final rule that published December 11, 2013. This rule published in the Federal Register on March 5, 2014 and is effective immediately. The notice has been posted to the West Coast Region website here: <http://www.westcoast.fisheries.noaa.gov/publications/frn/2014/79fr12412.pdf>
